Dear Dr De Tomi,

Award of Fellowship – Membership Number 461723

I am delighted to confirm that your application for Fellowship of the Institute of Materials, Minerals and Mining (IOM3) has been approved, in recognition of your contribution in senior academic roles to the mining industry. The award of this prestigious grade entitles you to use the post nominal designation **FIMMM**. Your certificate will be forwarded in due course.

Please accept our warm welcome as a new Fellow member of the Institute and we hope that you will continue to find our services and facilities beneficial, which now includes on-line access. Here you will find relevant news and events, reference information, access to e-zine versions of Institute magazines, selected journal articles and conference presentations.

It is our standard practice to publish your name, postnominals and chosen technical community in the IOM3 members' magazine, Materials World, to inform other members of new elections, upgrades and transfers within IOM3 professional membership. If you **do not wish** to have your details published please contact us.

The Institute encourages all members to maintain a record of Continuing Professional Development (CPD), which can be recorded online via Engineering Council MyCareerPath. Please find link <https://mycareerpath.iom3.org/Login.aspx?ReturnUrl=%2fpages%2fdefault.aspx>. Participation in CPD is the personal responsibility of the individual and the recommended minimum amount of CPD a member should undertake each year is 5 days (35 hours). The Institute's policy on CPD can be found at; www.iom3.org/cpd.

If you have any queries or I can be of any further assistance, please do not hesitate to contact me.

Kind regards,
